EDUCATION

ABES Institute of Technology

B-Tech in Computer Science and Engineering

August 2021 - July 2024

Ghaziabad, Uttar Pradesh, India

Jawaharlal Nehru Polytechnic

Diploma in Computer Science and Engineering

July 2019 - June 2021

Sitapur, Uttar Pradesh, India

RELEVANT COURSEWORK

Data Structure and Algorithm • Operating System • Object Oriented Programming • Database Management System • Computer Network • Software Engineering (Software Development Life Cycle (SDLC))

SKILLS

Languages: HTML • CSS • JavaScript • React.js • Java • DSA • OOP's • Problem Solver • Algorithm • Development Architecture • Written Skills • Oral Skills • Reasoning Ability

Tools: Git • GitHub • Notepad++ • Eclipse • VSCode

Database: MySQL • DBMS • JSON

PROJECTS

YouTube Clone / [Live](#) / HTML, CSS, JavaScript and React.js

October 2023

- Developed a user-friendly and responsive user interface that closely look and feel of the original YouTube.
- Gained hands-on experience in front-end development and API integration to replicate YouTube's core features and functionality.
- Implemented video playback using React.js, enabling users to watch, like, dislike and JavaScript to create powerful features, such as video recommendations and a real-time video search function.

Weather-Checker / [Live](#) / HTML, CSS, JavaScript and React.js

July 2023

- Created an interactive and user-friendly platform for real-time weather data retrieval and display.
- Implemented a responsive and visually appealing user interface (UI) with HTML and CSS to user experience.
- Utilized JavaScript to fetch weather data from a third-party API and dynamically update the UI with the latest weather conditions
- Employed React.js to build a modular and maintainable codebase, enabling efficient component-based development and easy scalability.

Code Editor / [Live](#) / HTML, CSS and JavaScript

May 2023

- Developed a user-friendly code editor, providing a seamless interface for programmers to write, edit and copy code.
- Designed a customizable and visually appealing color scheme for syntax highlighting and code readability.
- Ensured cross-browser compatibility by extensively testing and debugging the code editor in different web browsers, including Chrome and Firefox.

Portfolio- Website / [Live](#) / HTML, CSS and JavaScript

March 2023

- Designed my official portfolio website to shows all details and work experience.
- This is fully responsive website.

EXPERIENCE

Arcane Programming InfoTech Pvt. Ltd / Front-End Developer Intern

November 2020 – December 2020

Lucknow, Uttar Pradesh, India

- Created a website (Front-end Developer) using HTML and CSS.
- Learnt, how to write reusable code and responsive website.

ACHIEVEMENTS

- 3 Star Rating CODECHEF (HIGHEST RATING -1613).
- 4 Star Rating on HACKERRANK.
- Solved more than 350+ questions on LEETCODE, GEEKSFORGEES and HACKERRANK.
